1. LAND USE AND BUILDING TYPE: No lot shall be used except for residential purposes. No building shall be erected, altered, placed or permitted to remain on any lot other than one detached single-family residence and its customary accessory buildings and uses.

2. SUBDIVISION OF LOTS: No residence shall be erected on less than one lot and no lot shall be subdivided except that two owners may subdivide a lot between them, but only one residence shall be built on the combined original and subdivided portion of any lots.

3. DWELLING SIZE RESTRICTIONS: No single-family dwelling shall be built, erected, altered or used unless it shall contain at least 1100 square feet of heated and finished floor space, to be measured from outside wall lines, for the main body of the structure, exclusive of porches, garages, terraces, and basements, if the structure is a one-story dwelling. A two-story dwelling shall contain at least 1400 square feet of floor space, as measured above. A one and one-half (1½) story dwelling shall contain at least 800 square feet of floor space on the first floor as measured above.

4. BUILDING SETBACK RESTRICTIONS: As to each lot, there shall be total minimum side yards not less than 16 feet in width, no one of which shall be less than 7 feet in width. No building or part of the building other than steps, open porches, overhanging eaves or cornices, shall extend nearer the front property line than 20 feet, nor nearer the rear property line than 25 feet. In the case of a corner lot, no building or part of a building other than steps, overhanging eaves or cornices, shall extend nearer the side property line adjacent to the street than as shown on the recorded plat or 20 feet; whichever is greater. These set back restrictions may be changed by the Zoning Board of Adjustment or other legal government authority without the consent of the Developer.

5. FENCING: No chain link or other restraining type fencing may be erected nearer the front property line than the rear foundation wall of the single-family dwelling thereon. In the case of a corner lot, no chain link or other restraining type fencing may be erected nearer the side street than 40 feet.

6. **EASEMENTS:** Easements for installation and maintenance of utilities and drainage facilities are reserved as shown on the recorded plat. Within these easements, no structures, planting or other material shall be placed or permitted to remain which may interfere with the installation and maintenance of utilities, or which may change the direction of the flow of water through drainage channels in the easements, or which may obstruct or regard the flow of water through drainage channels in the easement. The easement area of each lot and all improvements in it shall be maintained continuously by the owner of the lot, except for those improvements for which a public authority or utility company is responsible. HUBBARD REALTY OF WINSTON-SALEM, INC. and RAMEY DEVELOPMENT CORPORATION reserve the right to create and impose additional easements or rights-of-way over any unsold lot or lots for street, drainage, and utility installation purposes by the recording of appropriate instruments and shall not be construed to invalidate any of these covenants.

7. **FOUNDATIONS:** No bare block construction shall be permitted to show above the ground level of any house.

8. **DRIVEWAYS:** All driveways shall be paved or concrete.

9. **ANIMALS:** No animals, livestock or poultry of any kind shall be raised, bred, or kept on any lot, except that dogs, cats, or other household pets may be kept provided that they are not kept, bred, or maintained for any commercial purposes and provided they are not permitted to become a nuisance to the neighborhood.

10. **GARBAGE AND REFUSE DISPOSAL:** No lot shall be used or maintained as dumping ground for refuse or rubbish. Trash, garbage or other waste shall not be kept except in sanitary containers. All incinerators or other equipment for storage or disposal of such material shall be kept in a clean and sanitary condition.

11. **TEMPORARY STRUCTURES:** No structure of a temporary character, trailer, basement, tent, shack, garage, barn or other outbuilding shall be used on any lot any time as a residence, either temporarily or permanently.

12. **SIGNS:** No sign of any kind shall be displayed to the public view of any lot except one professional sign of not more than one square foot, one sign of not more than five square feet advertising the property for sale or for rent, or signs used by a builder to advertise the property during the construction and sales period.

15. **SCREENING:** The erection of clothes lines, satellite dishes, the maintenance of exterior garbage cans, the storage of boats, campers, and trailers in clear view of a public street shall not be permitted unless stored in a screened enclosure, either man-made or natural.

16. **STREETS:** All streets in this development have been constructed as public streets, meeting the standards of the North Carolina Department of Transportation (NCDOT) for subdivision streets. The developers have dedicated a right-of-way, as shown on the recorded map referred to above, having a width of at least fifty (50) feet. As of the date of recording of this map, the streets have been inspected by the District Engineer of the NCDOT and certified as having been planned and constructed according to NCDOT standards, including those related to grading, roadbed, paving and drainage.

The streets may be accepted by the NCDOT for addition to the State Highway System as state maintained roads upon petition by affected lot owners when a sufficient percentage of the lots are individually owned and when there are a sufficient number of occupied dwellings for each applicable segment of street. Reference is made to the Regulations of the NCDOT for a more complete discussion of procedures regulating the admission of streets to the state system.

Following such a petition, the street will be reinspected by the NCDOT to insure that they continue to meet all state standards, including condition of right-of-way and drainage ditches and swales.

Nothing, including, but not limited to, walls, fences, gates, timbers, or plants, shall be erected, placed or permitted to remain in any portion of the street right-of-way or related sight or drainage easements as shown on the recorded map of this development. No drainage ditch or swale shall be filled, tiled, or altered in any way except in accordance with the standards of the NCDOT.

19. **APPLICABLE PERIOD:** The foregoing covenants, restrictions, and conditions shall remain in full force and effect, unless sooner changed in accordance with paragraph 17 herein, for a period of twenty (20) years from the date these covenants are recorded, at which time said covenants, restrictions and conditions shall be automatically extended for a successive period of five (5) years unless by a vote of a majority of the then owners of the lots agreeing to change the said covenants in whole or in part.

It is expressly understood and agreed between HUBBARD REALTY OF WINSTON-SALEM, INC. and RAMEY DEVELOPMENT CORPORATION, and all subsequent purchasers of lots in the development known as SPRING HOUSE, SECTION EIGHT, that all conveyances of a lot or lots in said development are made subject to the foregoing covenants, conditions and restrictions; and that they are for the protection and general welfare of the development and shall the covenants running with the land and binding upon all parties purchasing lots in said development and their heirs, successors, assigns, administrators or executors.
